

# Immobilizers/stabilizers.

A

POST-OP KNEE PROTECTION

## Correct positioning

### Universal Knee Immobilizer

comfortably fits most legs with adjustable stays and straps. The movable stay/strap assembly facilitates correct medial and lateral positioning. 3/4" thick laminated foam with alternating Velcro® closures. Dual-aluminum stays on the lateral and medial stay/strap assemblies. Three anatomically-formed posterior stays. An elastic strap adds support to patellar area.

EZY WRAP.

## Protected ROM

Adjustable PostOperative Pin Knee Brace (POP) for post-op immobilization and protected range of motion associated with ACL, PCL, MCL, and LCL surgeries. Lightweight, drop-pin hinge controls flexion and extension in 7/8° increments. Can be locked at full extension. Cool and streamlined design increases compliance. Breakaway hinge bar converts long brace (22 1/2" long) to short (16" long) for extended rehab. Accommodates up to a 34" thigh and 21" calf circumference. Fits right or left.

#YQ62953	Short Full	\$89.00 ea
#YQ62954	Short Cool	89.00 ea
#YQ62955	Long Full	99.00 ea
#YQ62956	Long Cool	99.00 ea
